

Other Continuing Education Providers

To support the ongoing professional development of Certified Disability Management Specialists, the CDMS Commission ensures that the highest quality of continuing education is accessible to certificants for their renewals. The CE provider list below is compiled as a service to CDMS certificants. The providers are not pre-approved. Rather, the programs that have been pre-approved by the CDMS Commission ensure that current criteria have been met for CDMS renewal continuing education.

The following list includes some CE providers that support CDMS certificants with pre-approved continuing education opportunities.
